Sample letter of comfort:

Dear

If you are reading this note, then there has probably been some sort of emergency. DON'T PANIC! Remember, you are not alone. God will watch over us all. It is important to listen to your teachers, and follow their instructions. They will take good care of you until somebody you know can come for you.

In the meantime, stay with your group and remain calm. Don't wander off. If you can, try to help others around you. Remember how much we love you.

Be good! Hope to see you soon!

Love always,
