

St. Catherine's Financial Fact Sheet 2023-2024

Significant Tax Benefits

A portion of tuition costs are considered a charitable donation each year and a tax receipt is issued for this purpose. Once you have made a charitable donation of \$200 (for example, through Sunday envelopes), a tax credit of 43.7% is applied to further donations, in this case tuition. This tax credit effectively cuts tuition by almost one-half. As demonstrated below, the cost of tuition is significantly offset by the ability to claim tuition as a charitable donation on income tax.

Example (using the 2023-2024 tuition rates):

	Tuition per month	Less tax credit	Actual tuition cost per month
1 student	\$375	(\$163.88)	\$211.12
2 students	\$585	(\$255.65)	\$329.35
3+ students	\$715	(\$312.46)	\$402.54
